## Famous Coaches to Talk Before U. S. C. Meeting

Rockne, Zuppke and Tad Jones Slated for Homecoming Addresses

Four of the country's foremost football coaches will play an important part in the annual homecoming activities of the University of Southern California, when the men of the alumni and student body meet in the Shrine Auditorium for the annual men's football banquet on Friday, Dec. 3. Knute Rockne of Notre Dame will headline the speakers, with Coach Howard Jones of Southern California. The two mentors will again meet each other the following afternoon in the Trojan-Notre Dame football classic in the Los Angeles Coliseum.

Two other prominent figures in the football world will also speak at the dinner. They are Bob Zuppke of Illinois and Tad Jones of Yale. The football dinner is but part of the big homecoming program being planned for the University of Southern California by Buron Pitts of the alumni and Lee Conti of the student body. The dinner is being sponsored by Herman Alber Jr. of the alumni and Dan Smith of the student body. While the men are holding their annual homecoming dinner in the Shrine Auditorium the women graduates and students will be reuniting for dinner at 6 o'clock in the president's parlors at the university. A special program is being arranged for the women's function by Mrs. Mary Bowen Huff of the alumni and Miss Ruth Burns of the student body.

Following the dinners the two groups will meet in the Shrine Auditorium for the big football rally to precede the Trojan-Notre Dame game the next day.

## 170,000 Christmas Seals Are Mailed To This District

Thanksgiving Day the Los Angeles County Tuberculosis Association placed 550 letters containing 170,000 Christmas seals in the mail addressed to the residents of the Torrance-Lomita district.

Each of these 170,000 little seals is a health crusader for this community and its environs. Every seal used on a Yuletide letter or package is another inch gained in the fight to stamp out tuberculosis. Like the crusaders of old they go forth to battle for health and to build up the resistance of the childhood of this community against disease.

Last year the American people contributed \$5,000,000 through the sale of the Christmas seals to help in the fight against tuberculosis. The quota of 1926 for the unincorporated districts of Los Angeles County is \$40,000. It is used in a definite campaign for health education and the raising of the health standard of the rural districts of Los Angeles County.

The sale of the Christmas seals is the only source of revenue for the work carried on by the Los Angeles County Tuberculosis Association, and by this means there has been established health centers, clinics, dentistry in the schools, maintenance of field nurses and social workers. The twenty summer health schools that have put 500 children in the county on the highway to health during the past two years are a part of the work carried on by the Christmas seals.

The 200 Christmas seals coming to you in the Christmas mail are 200 silent appeals for your cooperation in a bigger 1927 health program for Torrance and Lomita. Slip a couple of dollar bills in the return envelope as a Thanksgiving offering for the greatest thing in life—health.

Mrs. Nettie Steinhilber was one of the guests of Dr. Minnie Proctor at the annual "special guest" dinner given at the Mary Louise tea room recently by the Professional Woman's Club, of which Dr. Proctor is a member. A most delightful concert was enjoyed during the dinner hour.

## 2000 Students Attend Classes In Night School

U. S. C. Offers Great Chance for Folks Who Work by Day

"I wish I had gone to college" is no longer the regretful remark of ambitious adults, according to Dr. T. W. MacQuarrie, director of Metropolitan College, University of Southern California, who states that a night student body of over 2000 men and women, employed during the day in business, professional, domestic and vocational pursuits, attend 150 evening courses at Metropolitan College in the Transportation building, Seventh and Los Angeles streets.

Each class meets one evening a week. Each "quarter" covers 12 weeks. The 1926-27 winter quarter of Metropolitan College opens the week of December 6.

"Popular demand" courses are given in practical and cultural subjects, including real estate, interior decoration, petroleum geology, magazine and feature writing, modern drama, art, public speaking, business law, Spanish, landscaping, tailoring, life insurance, personal management, accounting, community music, social service training, income tax law and procedure, short story writing, Russian literature, investments, business correspondence, millinery, salesmanship, traffic management, and advertising.

Convenient-hour college courses to comply with state teaching requirements, or for university degrees, are given at Metropolitan College, U. S. C., with full rest-

## Inglewood Lands Big New Industry

Inglewood is assured of a new \$200,000 manufacturing plant as the result of the completion of negotiations under which the Hallet Manufacturing Company of Los Angeles acquired a four-acre site in that city, according to an announcement by officials of the industrial firm.

The concern's present site at Sixty-seventh street and Eighth avenue, Los Angeles, is to be purchased by the city and converted into a park to serve the Hyde Park district, if present plans mature, officials of the Los Angeles Playground Commission intimated. The Hallett company is widely known in Pacific coast circles as manufacturers of air compressors and marine pumps.

Mr. and Mrs. Robert Bellini were guests of Mr. and Mrs. George Proctor at a studio evening given recently in Los Angeles by Betty and Sherman Hill. A number of artists from the screen and concert platform were guests of honor.

denoe credit, in education, history, English, foreign languages, political science, psychology, sociology, commerce, philosophy, physical education, home economics, religious education, science, and literature. Visitors are invited to the opening of the winter quarter the week of December 6.

NOT ONE AMERICAN CAR LASTS AS LONG AS REO—NOT ONE

If you're

the kind of man who'd rather look at a chassis before you buy instead of looking up at it on the road somewhere; if you want a car that's equally at home in the glare of the city's lights or the glow of a campfire at some trail's far end; if you want to know mechanical details before you pay and then forget them while you drive and drive—you'll choose a Reo. Arrange to try one out today.

M. J. FIX COMPANY

In 1925 Chevrolet astonished the automotive world by attaining an annual production never before reached by any manufacturer of gearshift automobiles. Yet, so spectacular has been the increase in demand for Chevrolet cars, that a new and even more brilliant record is the climax for 1926.

Thus, for two years in succession, Chevrolet has broken all its previous records and has set a new mark in automotive history. This splendid achievement results from steadfast adherence to the fundamental Chevrolet policy of building a car of the finest possible quality to sell at a low price.

That the vast majority of buyers now demand a car of this type—and that Chevrolet has been successful in building such a car—possessing the highest degree of smooth performance, smart appearance, and economical operation—is proved by Chevrolet's success during the year now drawing to a close. Come in and see this record-breaking car.

Small down payment and convenient terms. See about our 6% Purchase Certificate Plan. Touring or Roadster \$510, Coupe or Coach \$645, Sedan \$735, Landau \$765, 1/2-Ton Truck \$375 (Chassis only), 1-Ton Truck \$495 (Chassis only). All prices f.o.b. Flint, Mich.
